AARE FLOAT TRIP

From 990 CHF

Float past stunning alpine scenery towards the picturesque city of Bern on an inflatable raft with a sound system on board. The water is perfect for a refreshing swim on hot summer days, and you can comfortably float alongside the boat. Our professional guide will navigate the boat safely down the river while your group enjoys the water, scenery, and time together in nature.

Weather

Our tours can be affected by weather conditions, however it is difficult to predict exactly how a trip will be impacted until the day of the activity. We monitor conditions carefully to stay within our safety limits, and bad weather doesn't necessarily mean we have to cancel.

Please make sure we have good contact information for you so we can reach out if your trip is changed or cancelled due to poor conditions. If you have not heard from us, it means we are still planning to run your trip as scheduled, or we have not yet made a final decision based on the forecast.

If we are not able to run your trip, we will try to accommodate you on another date, another activity, or we will issue you a full refund.
